Leaders in Public Safety Communications™

The California Public-Safety Radio Association, Inc.

The California Public-Safety Radio Association (hereinafter referred to as CPRA) was originally founded in 1935 as a statewide group called the California Police Radio Association. Because California is so large, it was decided in 1941 to divide the state between North and South. A line was drawn from east to west through Fresno. The group to the north of Fresno was known as the Northern California Police Communication Officers. This group is now known as the Northern California Association of Public-Safety Communications Officials or NAPCO. The area south of Fresno was at first known as the California Police Communication Officers but shortly afterward the Southern California group changed the name back to the original California Police Radio Association (CPRA). On April 1, 1945, CPRA became the 13th chartered chapter of the then Associated Police Communications Officers (APCO). In 1953 the CPRA Chapter, in order to better reflect its membership, changed its name to the California Public-Safety Radio Association. In 1956, the Association followed suit and changed its name to the Association of Public-Safety Communications Officials (hereinafter referred to as APCO). Since it was a separate organization when it joined APCO in 1945, the corporate name CPRA was allowed to be grandfathered. All other present and future chapters are now required to use APCO in their chapter names.

Today, the Southern California Chapter (CPRA Chapter) of APCO is made up of over 600 local volunteer public safety professionals from Police, Fire, EMS, 9-1-1, State/Local Government, Tribal, Military, Forestry, Highway and Conservation services who volunteer their time and expertise for the betterment of public safety communications. It represents more than 250 Public Safety agencies and 9-1-1 Public Safety Answering Points (PSAPs) who serve over 23 million people throughout Southern California. Our Corporate members, who provide products or services to public safety, also support and participate in many of the activities of the Chapter. The Southern California Chapter of APCO meets monthly in various Southern California locations.

The Southern California Chapter of APCO is an all-volunteer 501(c)(3) non-profit charitable organization which provides its members with Operational and Technical education and training, discusses the current critical issues affecting Public Safety and 9-1-1 PSAPs, disseminates the latest information on emerging technologies including Next Gen 9-1-1 and FirstNet, reports on FCC Regulatory notices and actions, conducts monthly Frequency Coordination meetings, advises on the current activities at APCO International, and provides an opportunity for networking with peers. Additionally, the Chapter holds special events throughout the year, including: an Annual Public Safety Awards Banquet in April that recognizes the top 9-1-1 Practitioners & Technologists in Southern California; an Annual Vendor Showcase & Training event in October that displays the latest equipment and services for Public Safety; and an Officer Installation Dinner & Holiday Celebration in December.

MISSION:

APCO is an international leader committed to providing complete public safety communications expertise, professional development, technical assistance, advocacy and outreach to benefit our members and the public.

VISION:

APCO commits to strengthen our communities by empowering and educating public safety communications professionals.

It is my honor to submit the 2023 Annual Report on behalf of APCO's Southern California Chapter (CPRA) Executive Committee and our Chapter membership.

As we represent approximately 220 PSAP's in Southern California, we continued to host monthly membership and Frequency Coordination meetings throughout the various counties. We do this to give our members more opportunity to attend.

We celebrated National Telecommunicators Week April 9 -15, 2023. On April 11th I flew to Sacramento to receive the Dispatcher Week Proclamation from Senator Ochoa-Bogh. With me was NAPCO President Susie Rivera, and CalNENA's Vice President Mandi Runnels. On April 21st, we hosted our annual Public Safety Awards Banquet. We had a great turnout and everyone who came had a great time. Thank you to our awards committee for putting on a great event.

May 2nd and 3rd, CalNENA, NAPCO and SoCal APCO Executive Board members participated in the first Annual 911 Goes to Sacramento. We hosted 60 members from throughout the state and helped sponsor a couple of bills that impact dispatchers. It was a great turnout for our initial event. We will be participating in 911 Goes to Sacramento next year on April 30th and May 1st, 2024.

In August, many of our chapter members and Executive Committee attended the APCO International Conference in Nashville, Tennessee. We found time to meet our Northern California Chapter (NAPCO) for a joint dinner. This event gives both executive teams time to reflect on the year's activities and plan for any upcoming events. At the conference, both Executive Boards voted to host a California APCO State conference starting in 2024. We will alternate years in Northern and Southern California. Our first conference will be held Oct 1 – 3, 2024. Visit calapco.org for more information.

In October, the California APCO (NAPCO/SoCal APCO) Vendor Showcase and Training event was held. This event was a huge success, both in attendance numbers and vendor support. There were over 50 exhibitors and we hosted multiple sessions of Public Safety training throughout the event. This is our last vendor showcase in this format, as we will be hosting state conferences in the future.

We continued the tradition of sending sympathy cards and flowers to members and agencies who suffer great loss during the year as a part of the Chapter Compassionate Care Program. In December, we finished the year with the Officer Installation Dinner at Knott's Berry Farm Hotel. With the support of our commercial partners, the Chapter was able to hold an amazing dinner event enjoyed by all.

In 2023 we continued our forward momentum as an organization. Our total membership and involvement are both trending upwards. We built on our relationships with NAPCO, CalNENA and the State 911 Office.

As the Chapter President, I had the privilege of flying to Sacramento in December 2023, to swear in the Northern California APCO (NAPCO) Board of Directors.
